

## Mitu korda sa elus kolinud oled?

How many times have you moved in your life?

**Arvo:** Üks, kaks, kolm, neli, viis, kuus, ma arvan, et seitse või kaheksa korda.

One, two, three, four, five, six, I think seven or eight times.

## Mitu korda sa elus kolinud oled? Kust kuhu sa kolinud oled?

How many times have you moved in your life? From where and to where have you moved?

**Aleksandr:** Pärís tihti, kuna ma õppisin ja õpingute ajal oli vaja kolida ühest ühiselamust teise ja ühest linnast teise. Ma ei tea, kas kümme või kaksteist korda.

Quite a few times, as I was studying, and then during my studies I had to move from one dormitory to another and from one town to another. I don't know if it was ten or twelve times.

Esiialgu kolisin Kohtla-Järvelt Tallinna, siis Tallinnast Tartusse ja siis Tartust tagasi Tallinna.

First I moved from Kohtla-Järve to Tallinn, and then from Tallinn to Tartu, and then from Tartu back to Tallinn.
