

Kas sulle meeldib sinu kodu?

Do you like your home?

Arvo: Ikka meeldib. Vancouver on ilus. Meil on meri, meil on mäed ja mets, vihmamets. Vancouver on väga ilus linn. Meil on rannad ka. Vaata, kus mujal maailmas sa võid minna kesklinna või all-linna ja seal on mererand. Selline kombinatsioon on lihtsalt väga ilus: mäed, meri ja mets. Meil kasvavad ja õitsevad ka igasugused taimed.

Sure I do. Vancouver is beautiful. We have the ocean, we have the mountains and forest, the rainforest. Vancouver is a very beautiful city. We have the beaches, too. You see, where else in the world could you go to the city centre or downtown and have a beach there. It's just beautiful, this combination: mountains, ocean and the forest. We have all sorts of plants growing and blossoming here, too.

Räägitakse, et Vancouver on väga sarnane Rio de Janeiroga ja Sydney, Hongkongi või Cape Towniga. Jah, Vancouver on ilus linn. Ma olen Sydneys käinud ja ma ütlen teile, et mina sinna ei koliks. Mina jääksin Vancouverisse.

It is said that Vancouver is very similar to Rio de Janeiro and Sydney, Hong Kong or Cape Town. I have been to Sydney, and I tell you, that I'm not going to move there. I would stay in Vancouver.

Aleksandr: No kindlasti mulle meeldib minu kodu, sest see kant on väga ilus. Minu kodu kõrval on park, kus on hästi palju puid ja muud rohelist.

Sure I like my home, because the neighbourhood is very beautiful. There's a park near my home, where there are many trees and other greenery.

Ingrid: Minule väga meeldib minu kodu! Vaadake, siin on kased ja siin on palju rohelist. Lust on siin elada, minule väga meeldib! Mul käib siin isegi üks väike orav külas. See vudib siin kogu aeg edasi-tagasi. Selline armas väike orav. Mu lapsed on ka teda näinud, kui ta siin vahel jookseb.

I like my home a lot! Look, there are the birch trees here and there is lots of greenery.

It's pure joy to live here, I like it a lot! I even have a small squirrel visiting me here. It scurries back and forth here all the time. Yes, such a cute, small squirrel, you know. My kids have also seen it when it runs here sometimes.
