

## Paigalduse ja kojuveo tellimine

Ordering installation and home delivery

**Müüja:** Ma vormistan siis teile kliendikaardi. Täitke palun see ankeet ära.  
I'll make your client card then. Please fill in this form.

**Klient:** Mhm. Kui ma täna ostan, siis millal ma masina kätte saan?  
Mmhm. If I buy today, then when will I receive the machine?

**Müüja:** Sõltub, kas te soovite kojuvedu ka või mitte.  
Depends on if you want delivery or not.

**Klient:** Kindlasti soovin. Keegi võiks selle masina mul kodus tööle ka panna.  
I definitely do. I would like someone to install it at my home, too.

**Müüja:** Üks hetk, ma kontrollin, kas täna veel saab kojuvedu ja paigaldust tellida. Paistab, et ei saa. Aga homse päeva jooksul kindlasti saab.  
Just a moment, I'll check if it's possible to order delivery and installation today. It looks like it's not possible. But definitely you can have it done sometime tomorrow.

**Klient:** Hästi.  
OK.

**Müüja:** Kirjutage palun siia oma aadress ja telefoninumber.  
Please write your address and telephone number here.

**Klient:** Kui palju see kojuvedu maksab?  
How much does the delivery cost?

**Müüja:** Kojuvedu on meil linna piires tasuta.  
Within town it's free.

**Klient:** Ma elan üheksandal korrusel.  
I live on the ninth floor.

**Müüja:** Ärge muretsege. Ilmselt on teil majas lift ja nagu ma ütlesin, kojuvedu on niikuinii tasuta. Pole vahet, mis korrusel te elate.  
Don't worry. There's probably an elevator in your building, and as I told you the home delivery is free of charge anyway. It doesn't matter on which floor your live.

**Klient:** Väga hea.  
Very good.
